

RMI1 42-Pin Recloser Control Cable Package

For testing of recloser controls with 42-pin Multi-Recloser Interface

The RMI1 42-Pin Recloser Control Cable Package serves as an accessory to CMC test sets for simple and comprehensive testing of recloser controls with 42-pin Multi-Recloser Interface such as:¹

- > Beckwith Electric – M-7679
- > Schweitzer – SEL651R

The RMI1 42-Pin Cable is built with all components necessary to make a direct connection between the device to be tested and the CMC simulating the switch end with all of its currents, voltages, and status signals. The RIB1 Low Level Isolation Box (CMC 356, CMC 256plus, CMC 353) or the LLX4 Low Level Output Box (CMC 430) provides access to the CMC's low-level outputs for simulating up to six voltage sensors. The RXB1 Binary Extension Box provides additional binary output signals for simulating circuit breaker status contacts for each phase. For automated testing, free sample test plans for the CMC operating software² can be downloaded from our website.

Ordering information for CMC 356, CMC 256plus, CMC 353

Order No.	Description
VEHZ1165	RMI1 42-Pin Cable, RXB1 Binary Extension Box, RIB1 Low-Level Isolation Box
VEHK0224	RMI1 42-Pin Cable
VEHZ1159	RXB1 Binary Extension Box
VEHZ1160	RIB1 Low Level Isolation Box

Ordering information for CMC 430

Order No.	Description
VEHK0224	RMI1 42-Pin Cable
VEHZ1159	RXB1 Binary Extension Box
VEHZ1122	LLX4 Low Level Output Accessory

¹ Non-exhaustive list of supported recloser controls
² Test Universe PC software; OMICRON Control Center (OCC) required

OMICRON is an international company serving the electrical power industry with innovative testing and diagnostic solutions. The application of OMICRON products allows users to assess the condition of the primary and secondary equipment on their systems with complete confidence. Services offered in the area of consulting, commissioning, testing, diagnosis and training make the product range complete.

Customers in more than 160 countries rely on the company's ability to supply leading-edge technology of excellent quality. Service centers on all continents provide a broad base of knowledge and extraordinary customer support. All of this together with our strong network of sales partners is what has made our company a market leader in the electrical power industry.
