

RSI1 40-Pin T/S Recloser Control Cable Package

For testing of 40-pin style Siemens SDR Triple/Single (T/S) recloser controls

The RSI1 40-Pin T/S Recloser Control Cable Package serves as an accessory to CMC test sets¹ for simple and comprehensive testing of 40 pin style Siemens SDR T/S recloser controls such as:²

- > Schweitzer – SEL651R
- > Siemens 7SR224

The RSI1 40-Pin T/S Cable is built with all components necessary to make a direct connection between the device to be tested and the CMC simulating the switch end with all of its currents, voltages, and status signals. The RXB1 Binary Extension Box provides additional binary output signals for simulating circuit breaker status contacts for each phase. For automated testing, free sample test plans for the CMC operating software³ can be downloaded from the OMICRON website.

RSI1 40-Pin T/S Recloser Control Cable Package

RVC1 12-Pin Siemens Recloser Voltage Cable Package

For Siemens SDR Recloser Controls with Voltage Inputs

If the Siemens recloser is equipped with voltage inputs, the RVC1 Cable Package can supply up to six test voltages using the external voltage connectors of the recloser control.

RVC1 12-Pin Siemens Recloser Voltage Cable Package

Ordering Information

	RSI1 40-Pin T/S Recloser Control Cable Package	RVC1 12-Pin Siemens Recloser Voltage Cable Package
Description	RSI1 40-Pin T/S Recloser Control Cable Package for testing of 40 pin style Siemens SDR T/S recloser controls Includes: 1x RSI1 40-Pin T/S Cable, RXB1 Binary Extension Box	RVC1 12-Pin Siemens Recloser Voltage Cable Package for Siemens SDR recloser controls with voltage inputs Includes: 1x RVC1 Siemens Recloser Voltage Cable, RIB1 Low-Level Isolation Box
Order Number	VEHZ0219	VEHZ0220

¹ CMC 356, CMC 256plus, CMC 353

² Non-exhaustive list of supported recloser controls

³ Test Universe PC software; OMICRON Control Center (OCC) required

OMICRON is an international company serving the electrical power industry with innovative testing and diagnostic solutions. The application of OMICRON products allows users to assess the condition of the primary and secondary equipment on their systems with complete confidence. Services offered in the area of consulting, commissioning, testing, diagnosis, and training make the product range complete.

Customers in more than 140 countries rely on the company's ability to supply leading edge technology of excellent quality. Broad application knowledge and extraordinary customer support provided by offices in North America, Europe, South and East Asia, Australia, and the Middle East, together with a worldwide network of distributors and representatives, make the company a market leader in its sector.
