

RSM1 24-Pin Recloser Control Cable Package

For Testing of 24-Pin Style S&C Scada-Mate Sectionalizer Controls

The RSM1 24-Pin Recloser Control Cable Package serves as an accessory to CMC test sets¹ for simple and comprehensive testing of 24 pin style sectionalizer controls such as:²

- > S&C 5800 Series
- > S&C 6800 Series

The RSM1 24-Pin Cable is built with all components necessary to make a direct connection between the device to be tested and the CMC simulating the switch end with all of its currents, voltages, and status signals.

Quick manual tests are easily performed with the CMControl R, our front panel control unit for CMC test sets. Intuitive software tools and test cable presets guarantee easy and successful tests.

For automated testing, free sample test plans for the CMC operating software³ can be downloaded from our website.
