

Expand your horizons  
with OMICRON testing solutions

OMICRON Seminar  
on Partial Discharge Diagnostics on HV Assests

April 23, 2017  
Qatar

## Invitation to attend

We have the pleasure to invite you to the OMICRON seminar taking place in Doha, Qatar. As an international company that provides innovative solutions for power system testing and monitoring, we have a wealth of knowledge to share.

Date	April 23, 2017
Location	Crowne Plaza Doha - The Business Park Airport Road Doha, Qatar
Language	English
Timing	17.00 - 21.00

### Who should attend

Technicians, engineers and technical management involved in Electrical Operation, Maintenance, Testing and Commissioning from Oil & Gas, Transmission company, Power Generation & Electrical Distribution.

### Why you should attend

- > To know the latest trend of test measurement process to protect your assets before they fail. This will help in revenue loss as one can take advance steps for trouble shooting the asset before it fails.
- > Be part of dynamic knowledge and information exchange with industry peers.
- > Have direct interaction with OMICRON experts.
- > This is a Certified OMICRON seminar.

We welcome the chance to talk with you personally at our seminar when hopefully we can answer any questions you may have regarding our broad product and service portfolio.

If you are aware of any of your colleagues who are likely to have an interest in this OMICRON seminar please feel free to duplicate the registration form.

We are very much looking forward to meeting you in Doha.

Your OMICRON Team
