

Expand your horizons  
with OMICRON testing solutions

OMICRON Seminar on  
Substation Testing and Diagnostic Measurements

December 19, 2018  
Baghdad, Iraq

## Invitation to attend

We have the pleasure to invite you to the OMICRON seminar taking place in Baghdad, Iraq. As an international company that provides innovative solutions for power system testing and monitoring, we have a wealth of knowledge to share.

Date	December 19, 2018
Location	Babylon Warwick Hotel, Baghdad
Language	English
Timing	08:30 –16:00 hrs.

### Who should attend

Managers, Engineers and Technicians of Power Corporations & Utilities, Energy Planners, Development Consultants, Research/Academic Institutions and Service companies etc. who deal with maintenance, trouble-shooting, life management and asset-life assessment of Protection Relays, Power Transformers and Circuit Breakers .

### Why you should attend

- > To hear the latest trends of the test measurement process to protect your assets before they fail. Early diagnosis and corrective action can eliminate revenue loss.
- > Be part of dynamic knowledge and information exchange with industry peers
- > Have direct interaction with OMICRON experts

We welcome the chance to talk with you personally at our seminar and we are happy to answer any questions you may have regarding our broad product and service portfolio.

We are very much looking forward to meeting you in Baghdad.

Your OMICRON Team
