

Expand your horizons  
with OMICRON testing solutions

OMICRON Seminar  
on Comprehensive Power System Testing and Diagnostics

March 18, 2019  
Doha, Qatar

## Invitation to attend

We have the pleasure to invite you to the OMICRON seminar taking place in Doha, Qatar. As an international company that provides innovative solutions for power system testing and monitoring, we have a wealth of knowledge to share.

Date	March 18, 2019
Location	Crowne Plaza Doha - The Business Park Airport Road Doha, Qatar
Language	English
Timing	17.00 - 22.00

### Who should attend

Technicians, engineers and technical management involved in Electrical Operation, Maintenance, Testing and Commissioning from Oil & Gas, Transmission company, Power Generation & Electrical Distribution.

### Why you should attend

- > To know the latest trend of test measurement process to protect your assets before they fail. This will help in revenue loss as one can take advance steps for trouble shooting the asset before it fails.
- > Be part of dynamic knowledge and information exchange with industry peers.
- > Have direct interaction with OMICRON experts.

We welcome the chance to talk with you personally at our seminar when hopefully we can answer any questions you may have regarding our broad product and service portfolio.

We are very much looking forward to meeting you in Doha.

Your OMICRON Team
